

July 2019

providing safe dormitory living for Ugandan orphans

It's that time again when **I leave for Moroto**, Uganda to see the girls of Alakara Home. I am going for 5 months from 28/8/19 to 1/2/20. The girls have requested that Mama come for the long Christmas holiday and so that's what Mama is doing!! I have never been for Christmas before but it will be great to spend 2 months with all the girls at home. Nine of our girls are now at boarding school and only come home in the holidays so this is the best way to spend quality time with them. Nineteen of our girls are at primary school and five at High School and all are largely doing very well. One of our High Schoolers was selected for national trials for netball and football!!!! Watch out the Silver Ferns!!!

We have **10 visitors to Alakara this year** so the girls will be so excited – it won't help me with their requests to visit New Zealand one day!!!!

My Boasting Corner!!!

We took **another 3 new girls in January** this year – Esther, Esther and Jacinta – bringing our total to 24. They are loving being in Alakara Home and are adequately cared for even by the ones who were the babies in the home before them. They have started P1 at the local Primary School. Every year we will take 3 or 4 new girls as now due to our new building we can take up to 40 girls but this will happen bit by bit. These new children (as do all Alakara girls) come from difficult extended families – one of our girls this year has come to Alakara as her father killed her mother. He is now in prison and no one could care for her.

Our new initiative for 2019 – the **Nakapelimen Education Programme** – is going well. The 20 children who are sponsored by Project Moroto for the 7 years of primary education are attending their classes and their guardians are paying their contributions to fees. The programme is for both boys and girls from the poor village next to Alakara Home. We do it to give these poor children a go at education and a future. Project Moroto is in the opportunity business!!! If you would like to fund this programme - \$1000 a year for 7 years contact me!!!

Future Plans:

After completing our new building last year you could ask “what next for Project Moroto”??!

The Mayor of Moroto and the girls of Alakara Home want Mama to build a **Christian High School for girls!!!!** I will be looking into the offer from the local MP of 10 acres of land – who knows PM may build a school on it!!!! Watch this space!!

I will be building a concrete block wall at one end of our compound to increase security.

I will be looking into the possibility of a vehicle rental opportunity in Moroto to enable Project Moroto to be income earning.

But most importantly I will be spending time with 24 fun, inspiring and gorgeous girls and telling them to “go for it”!!

Dream List 2019

- secure the land offer if the land is good and confirm what goes on it
- see fulfilment of the Mayor’s offer to seal the road to Alakara
- PM able to start businesses that are income generating and also offer employment
- Find funders for the NEP programme so we can start 20 new children every year – **imagine if we could educate all the children in our neighbour village – one year at a time!!!!**
